WORK HISTORY:

2019 to Present Life Care Plan Specialist, Vocational Economics, Inc.

Provide financial estimates of lifetime health and medical care needs for catastrophically injured individuals. Provide financial estimates of medical care needs for partially and permanently injured individuals.

2018 – Present Assistant Nurse Manager, Norton Women & Children's ED

Oversee daily operations of the nursing unit to ensure safe staffing levels in addition to maintaining hospital policy and protocol. Direct performance improvement program to monitor the quality of nursing care provided. Involvement in hospital committees to advocate for the improvement and development of care standards to ensure compliance with all regulatory agencies. Educate staff on research – based best clinical practice in addition to providing direct patient care.

2010 – 2018

Registered Nurse, Norton Healthcare & Children's Hospital

Deliver nursing care with use of sound clinical judgement for a group of patients in various high acuity skilled units, including Level 1 Trauma Emergency Department and Intensive Care Unit. Perform and document nursing assessments and actions in accordance with hospital policy. Coordinate care for acute trauma patients and respond to medical emergencies. Monitor patients on high tech medical equipment, continuous intravenous infusions, and provide appropriate interventions based on patient status. Administer medications and perform routine nursing procedures in addition to disseminating pertinent information to the healthcare team.

2006 – 2017

Registered Nurse/Patient Care Associate, Baptist Health

Began at Floyd Memorial Hospital (now Baptist Health Floyd) as a unit secretary and tech in the Emergency Department performing order entry, clerical tasks, and assistance with emergency procedures. Upon completion of nursing education, transitioned to an RN role in the ED and cross-trained to Pediatric Medical Inpatient Unit. Job duties as a staff nurse included many of those described above.

2006 – 2010

Caseworker, Floyd County Prosecutor's Office

Served as a family law caseworker for the county prosecutor. Responsible for conducting interviews with clients to obtain pertinent history and information regarding case. Produce and file legal records for court proceedings. Extract and apply data to algorithms in accordance with state law to produce and maintain accurate account balances for caseload. Provide testimony at court hearings to substantiate the accuracy of data and records maintained by the state.
